^{3rd} ANNUAL The Masters

IN SPINE SURGERY SEMINARS

Advanced Spinal Deformity

 CHAIRS | Larry Lenke, MD & Chris Shaffrey, MD

This Is NOT Your Typical Spine Course!

If you are a spinal deformity surgeon, this Seminar represents an educational experience like no other.

You are invited to be one of an exclusive group of 30–40 surgeons, who'll spend three days with 10 of the world's leading spinal deformity surgeons discussing cases (including yours), and learning from our experiences managing advanced adult spinal deformity cases.

The relaxed environment and reception will give us many opportunities to get to know and learn from each other, while enjoying one of Vail's outstanding ski-in-ski-out winter resorts.

We hope you'll join us!
